"Sweetness" Has To Do With
Landing Your Dream Job...

The Whole Story To Most Of My Family And Friends...and I'm Going To Share It With You When You **Keep Reading This Special Report**...Deal?

These Days I Have No Worries Or Concerns Whatsoever About Quickly Finding A 6-Figure Job...However, Believe Me...it Wasn't Always This Easy...

In Fact, Not Long Ago, I Was A Job-Search Chump Who Couldn't Even Get People To Return My Calls...That Was Before I Made **An AMAZING Discovery** That Transformed Me Into A Job-Search Champ...

Here Is The True Story Of How I Created This **Game-Changing System That Turns The Tables And Has 6-Figure Employers Chasing YOU**...It's Actually Simple When You Know What I'm About To Reveal...

First, The Embarrassing Story I Hesitate To Tell But I Know It Will Help You To Hear This Nightmare Tale So I'll Share It With You Now...

You See, Not Long Ago, I Was In A Situation Probably Much Worse Than Where You Find Yourself Today. Back Then I Was Bankrupt, Homeless, And Unemployed...

Not Living-Under-a-Bridge-in-a-Cardboard-Box Homeless Or Even Sleeping-in-My-Car Homeless (although I Did Spend A Few Nights In My Car)...Fortunately I Had Friends and Family to Stay With...

I Had Quit My Dead-End Job Because I Hated It. I Decided I Wanted to Be An Entrepreneur and Quickly Found Out I Was Completely UnPrepared For the Challenge of Running My Own Business and the Situation Quickly Deteriorated...

I Vividly Remember the Steamy and Stressful Summer of 2005 in the Suburbs of Atlanta When My World Was Collapsing...My Phone Rang Non-Stop...

I Finally Quit Answering It Because I Got Tired of Arguing With Bill Collectors Who Were Trying to Squeeze Money Out of Me When I Couldn't Even Afford to Pay My Mortgage...It Was Not Pleasant...

I Tried to Keep My Financial Troubles a Secret...Then a Few of My Neighbors Told Me Several People Had Come By My House Asking About It. Now My Neighbors Knew I Was About to Lose My House to Foreclosure...

Imagine the Lowest of Low Feelings. That's How I Felt. The Vultures Were Circling – First the Bill Collectors and Now Real Estate Investors Who Wanted to Buy My House for Pennies on the Dollar...

They Were All Fighting For Every Last Scrap of Financial Flesh They Could Take Before I Went Bankrupt...And **It Would Only Get Worse...**

I Even Remember Going to the Fulton County Public Library to Email My Brother and Ask Him for Money Because My Phone, Water, and Electricity Had Been Turned Off...

I Couldn't Even Make a 29 Cent Box of Macaroni and Cheese Because I Had No Water and No Gas for the Stove...

Not Long After That I Moved Everything I Owned Into a Self-Storage Unit in Alpharetta, Georgia, and Vacated the House I Was About to Lose to the Bank...

At This Point I Was Officially Broke, Unemployed, and Homeless... and **the Worst Was Yet to Come...** The Situation Continued to Decline and A Few Months Later I Filed for Chapter 7 Bankruptcy Protection...

To Say I Was in a Downward Spiral and Needed To Do Something Fast Would be a Massive Understatement...However...

One More Thing Had to Happen Before I Hit Rock Bottom...

I Remember It Like It Happened Yesterday...Even Though it Was Actually the Spring of 2006. I Had Just Left One Brother's House in Arizona and Was Now Living With Another Brother at His Apartment Near Chicago...

Remember My Black Lab Sweetness From the Beginning of This Report? Well...There Were No Pets Allowed in My Brother's Apartment Complex so Sweetness Had to Sleep in My Car...

And Then Summer Came and the Temperature Started Rising. It Was Getting Too Hot for Sweetness and I Had Nowhere to Take Her. I Asked Every Friend and Relative I Could Think of and I Couldn't Find a Place for Her to Stay...

6FigureDreamJob.com

A Sad Day...

So, Reluctantly, I Took Her to the Local Animal Shelter...It Must be Like Giving a Child Up for Adoption... All the Other Stuff Like the Bankruptcy and the Foreclosure I Could Deal With...but Now My Poor Dog Had to Suffer Because of Me... It Was At That Point That I Hit Rock Bottom...

It Was a Dire Situation that Kept Getting Worse and It Was Time to Snap Out of It and Get My Life Back On Track. I Needed a Paycheck Almost as Much as I Needed My Next Breath of Oxygen...

The 6-Figure Dream Job That Changed Everything...

Not Long After That I Stumbled Upon What Would Become the **6-Figure Dream Job** that Changed Everything...but First There Were Some Big Obstacles to Overcome...

First, I Had No Corporate Experience or Even Formal Education in This Field. And Second, This Once-in-a-Lifetime Opportunity Was Advertised Not Just in the Classified Ads of a Local Newspaper...

It Was Announced in a Popular Newsletter with Subscribers From Literally All Over the World So I Would Have Some Stiff Competition to Overcome...

I Wasn't Sure What To Do So I Racked My Brain For an Idea... I Needed Something **Bold**, **NEW**, **Exciting**, and **Different**...

Something That Would Practically Grab Employers By The Shirt-Collar, Force Them to Take Notice, and Most Importantly Get Them EXCITED About Me and Get Them to Contact Me NOW...

My OUTRAGEOUS Idea...

It Didn't Take Long to Come Up with an Outrageous Idea...It Actually Wasn't Such a Crazy Idea...It Follows Simple Direct Response Marketing Strategies that Have Been Proven to be Extremely Effective Over Hundreds of Years to Sell Everything from Advil to Zappos...

And I Had Become a Serious Student of This Type of Marketing Over the Past Several Years So It Was Something I Understood Well and Something I Could **Implement Quickly and Easily**...

What Was New and Different Was That As Far as I Knew, These Powerful Strategies Had Never Been Used in a Job Search...

I Figured If This Type of Marketing Worked to Sell Everything Else, Why Wouldn't It Work to Sell ME...or Anyone Else Searching For a Job?...

And After All, What Did I Have to Lose? I Didn't Have Any Better Ideas So I Decided to Give My Crazy Idea a Shot...

And Boy Did It Ever Work!

It Worked Even Better and Faster Than I Had Ever Imagined.
My Phone Rang Almost Immediately and My Soon-To-Be-Boss Arranged For Me to Visit His Office...

Ultimately, I Overcame All the Obstacles That Stood Between Me and My Dream Job and I've Never Looked Back...

Don't Worry...This Was No One-Hit Wonder Either. I Have Now Successfully Used This Proven System More Times Than I Can Remember...

When My Boss Sold the Company and I Got Bored With My Last **6-Figure Job**, I Sat Down and Carefully Considered What Would Be My Next Potential "Dream Jobs"...

Jobs I Really Wanted and Would Be Excited About...Not Jobs I Had to Settle for Because I Didn't Have Any Other Options...

...I Only Came Up With 2 and I Quickly Had **6-Figure Job Offers** From BOTH of Them...

Picture Yourself Having the Luxury of Choosing Between Multiple Jobs! ...Don't Be Shocked When You Find Yourself in This Situation...

And It's Not Just Me Either...I've Helped Other People Just Like You Find 6-Figure Jobs Too...

Remember, Despite My Success Today, I'm No Different Than You... In Fact, You're Probably Starting From a Much Better Position Than Where I Was Not Long Ago...

Breakthrough Job-Search Strategies...

The **Breakthrough Job-Search Strategies** I Used Give People Like You and Me An Almost Unfair Advantage Over Those Who Don't Know What You're About to Discover...

Finding a Job Today Can Be a Battle...and Armed with These Game-Changing Strategies You Will Have the Tools to **Crush Your Competition**...

You Will Quickly – Almost Effortlessly – Stand Out From the Rest of the Job-Hunting Crowd...**You'll Turn the Tables on Employers and Have Them Chasing YOU!**...And...

You'll Have Total Peace of Mind That You Can Use These Proven Strategies Any Time You Want to **Find a New, Better, or Higher-Paying Job** ...Without the Stress and Frustration Most Job-Searchers Experience

This is the Same System that Generated 3 Job Offers within 72 Hours the Very First Time I Tested It...the Same System I Used to Land My 6-Figure Dream Job...and Again to **Score an Even Better, Higher Paying Job**...

I'll Share Several Specific Strategies With You in Just a Moment...

First I Have to Tell You How to Overcome...

The Real Problem We Face...

Many People are Getting Bad Advice from Career Counselors and a Shelf Full of Outdated Job Search Books...

The Real Problem is That We Have Been Misled and Given Bad Advice for Years...

One Example is the Endless Parade of Copycat Cut & Paste Cover Letter and Resume Templates...

The Truth is These Templates are Likely Sabotaging Your Job-Search Efforts...

I Was One of the Many Who Fell Victim to This Sorry Charade... Perhaps You Did Too...And If That's the Case **You MUST Decide Now to Believe the Truth** Instead... Because:

As Long As You Follow the Job-Search Herd, You'll Be Frustrated, Dejected, and Settle for Less Than You Deserve...

Here's the Truth...

When You Do What Everybody Else is Doing, You Get the Same Mediocre Results Everybody Else Gets...

Important!

Listen: This is Not What I Want For You...
I Think You Deserve Better Than That And If You Agree,
Keep Reading This Special Report...

First, Don't Feel Bad Because **It's NOT Your Fault...**

If You Really Want to Blame Something For Your Past Job-Search Struggles, Don't Blame Yourself...

Blame the Outdated Advice and Mis-information You've Been Given...

Many Career Counselors, Headhunters, And Book Authors Could Care Less If You Get A Job...They Just Want You To Buy Their Services And Their Books...and Heck...

If You Think About It, The Longer You Don't Have A Job, The Better It Is For Their Bank Accounts Because You'll Keep Buying Their Services And Their Books...

Here's PROOF: A Recent Article In The ***New York Times*** Describes How The Minnesota Attorney General's Office Filed A Lawsuit Against A Minneapolis-based ***Headhunting Firm Charged With Fraud...***

Company Rarely Placed Clients in Jobs, Former Employees Say (August 17, 2009)

The company, the Arthur Group, along with its president, Barry Trimble, was the subject of a [New York Times article](#) in August in which several former employees said the company rarely placed anyone in jobs, even as dozens of

people paid several thousand dollars every month for its services.

The majority of the online job listings posted by the company were no longer even active, the former workers said. The company, which boasted to job seekers that it had relationships with dozens of employers, had no special connections at all, they added.

Their offices are tony, and their suits are sharp. They say they have elite networks inside some of Houston's biggest corporations. They promise they can get you interviews for top jobs — no problem.

But there is a problem, said [Dan Parsons](#), head of the [Houston Better Business Bureau](#): Some of these so-called employment services companies are elaborate frauds. Thousands of dollars of fees later, you're left with

little more than a fancy résumé and a list of Houston's top 50 employers.

"They throw smoke at you, and you part with all this money. The fees can run \$8,000 or \$9,000," Parsons said. "This is sophisticated career counseling scamming."

The national BBB this month released the top scams of 2009, many targeting the victims of the economic crisis — the unemployed and financially desperate.

The Truth Is Those That Fare Best In The Job-Hunting Jungle...Search For Better Strategies For Winning The High-Stakes Job-Search Game That Has Such A **Dramatic Impact On Your Income And Your Quality Of Life**...Just Like You Are Doing Right Now...

And Now That You Understand The Problem...That **Any Job-Search Struggles You May Be Having Are Not Your Fault**...That You've Been Following Outdated Advice And Using Strategies That Just Don't Work Anymore...

Let's Dive Into Some Specific Strategies I Have To Share With You Today...

I've Tested These Strategies On Myself And Shared The Results With You...I Wasn't Surprised At All That They Worked...However, I'll Admit That Even **I Was SHOCKED At How Fast They Generated Job Offers**...

The Most Important Tip I Can Give You If You Want To Cut Through The Clutter And Stand Out From The Crowd Is to **Do Something Bold, Unique, And Different**...

You Absolutely MUST Do This If You Want To Turn The Tables On Employers And Have Them Chasing YOU!

The **Simple And Amazing Solution** That Practically Grabs Employers By The Throat And Forces Them To Take Notice Is Based On Time-Tested Marketing Principles That Until Now Have Not Been Widely Used In A Job Search...

And That's Exactly Why They Work So Well...There's One In Particular That I Call **The "Cracker Jack" Factor** That I'll Explain In A Minute...

The #1 Thing You MUST Avoid...

First, **The #1 Thing You Must Avoid** If You Really Want To Attract The Attention Of Employers, Is Following The Herd And Doing What Everyone Else Is Doing...

The Unpleasant Truth Is That Taking The Safe Route And Using The Same Old, Worn Out Job Search Strategies Everyone Else Is Using Puts Your Application On The Fast Track To The Circular File...

There Are So Many Simple Strategies You Can Use To

Cut Through The Clutter That I Can't Possibly Get To Them All In This Short Presentation...

Here's One Attention-Grabbing Strategy:

Let's Say You're Contacting an Employer by Regular Mail. Put Yourself in the Position of the Employer...

He Or She Is Probably Getting Dozens Of Letters Every Day. It's Easy To Get Lost In The Sea Of Envelopes... Especially If You Follow The Herd and Send the Same Boring Envelope Everyone Else Sends... You Know... The Plain White #10 Envelope Like This One...

<=====

BORING

This Is The Perfect Formula For Frustration And Failure. Let Others Who Have Not Taken The Time To **Read This Special Report** Follow That Formula. You Can Do Much Better...

Here's How to Cut Through the Cutter...

Actually Several Ways. A Really Quick And Simple Solution Is To Use A Different Colored Envelope.

If Everyone Else Is Sending Plain White Envelopes, Then Your Green, Red, Or Gold Envelope Will Stick Out Like A Sore Thumb... And That Makes It More Likely To Get It Opened And Read Before All The Others.

You Could Also Use A Different Size Envelope. One Of My Favorite Strategies That Works Like Crazy Is To Use A Smaller Invitation Size Envelope. Standard 8.5" X 11" Paper Fits Perfectly Inside This Envelope When You Fold It Twice.

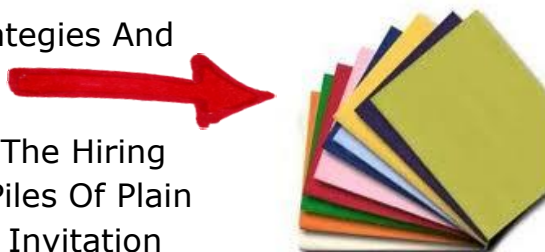

**Keep Reading This
Special Report to
Discover Strategies for
Keeping Your Job
Application Out of the
Circular File...**

An ADVANCED Strategy...

Then, To Make It Totally Irresistible, On The Outside Of The Envelope, You Write "*Your Invitation Is Enclosed.*" This Is An ADVANCED Strategy Called "Teaser Copy" And When Used Correctly As I'll Show You, It Can Dramatically Improve Your Job-Search Results...

And You Could Even Combine These Strategies And Use A Colored Invitation Envelope...

Picture Yourself In The Position Of The Hiring Manager. You're Up To Your Neck With Piles Of Plain White Envelopes And In Comes This Red Invitation Size Envelope With A Handwritten Note On The Outside That Says "*Your Invitation Is Enclosed*"...

It Will Arouse Such Curiosity That It's Highly Likely **Your Letter Will Be Opened And Read Immediately**...While The Other "Me Too" Envelopes Sit In An Unopened Pile...

This Gives You An INSTANT Leg Up On The Competition Because Your Message Is Read First – Before All The Others – So You Get The Inside Track At Making A Great Impression...

You Probably Already Guessed It...The Invitation Is To Contact You For An Interview So It All Makes Perfect Sense And That Is **Critically Important**. **All The Pieces Of The Puzzle Must Fit Together Like I Show You Or You Will Fail...**

A Very POWERFUL Strategy for Capturing Attention...

As This Example Illustrates, Using "Curiosity" Is A Very POWERFUL Strategy For Capturing Attention...And If You Want to Skyrocket the "Curiosity" Factor, Use the "Lumpy" Mail Strategy I'll Share...

Let Me Be Clear...Not Every Employer Will Respond...But The Really Cool Thing Is Those That Do Respond Will Be Impressed By Your Unique And Creative Approach...

And Genuinely Excited To Meet You And Talk To You...That Alone Gives You An Edge Over The Competition And It Makes The Whole Job-Search Process So Much Easier! You Might Even Find It **FUN** When You Apply These Game-Changing Strategies...

Heck, It's Possible You'll Get A Phone Call And An Interview Before Any Of The Other Letters In The Pile Is Even Opened.

You'll Enjoy Turning The Tables On Employers And Having Them Chase YOU For A Change!

And You'll Really Love The **Confidence** And **Power** That Comes With Knowing You Have The Ability To Walk Away From An Unfulfilling Job And **Quickly Find A New, Better, Higher-Paying Job Almost At-Will...**

Now Here's...

Another Attention-Grabbing Job-Search Strategy

I Cannot Overemphasize How Critically Important It Is To Stand Out From The Crowd And Get Noticed...

When You Use This Powerful System...You Gain the Almost "Magical" Ability to **"Pre-Sell" Yourself...**

What That Means is That The Employer is So Impressed by the Way You Present Yourself on Paper and the Manner in Which You Do It That The Tables Are Turned...That's When **Employers Start Chasing YOU!**

Employers Are Sold On Hiring You Before They Ever Meet You...You Become the Top Candidate And It's Your Job To Lose...The Employer Will Actually Be Selling You On Working For Them...It Puts You in a Very Powerful Position...

WANT PROOF?

I've received so many voice mail messages from actual hiring managers that were so impressed with the way I presented myself on paper that they couldn't wait to meet me in person that I can't remember them all.

An Actual Voicemail From a Hiring Manager...

Here's a voicemail Art Knight left me after receiving my resume and cover letter...

“Hey Robert, this is Art Knight...I got your resume, very, very interesting. I’m impressed. That’s a different way to approach it...you have to have confidence and you obviously have that...I’d love to speak with you. I look forward to talking with you Robert...”

[Note: You can hear the actual voicemail in the video presentation I referred to at the beginning of this Special Report]

Based Solely On What He Saw On Paper, Art Was Impressed With My Unique Approach And Said That “Obviously” I Was Full Of Confidence...

(Hint: Employers LOVE Confidence)...

Based On The Resume And Cover Letter, He Was So Interested In Talking To Me That He Called Me Twice Before Noon...

And Believe Me...When You’ve Got Employers Following Up With You...You Are In Control of the Situation...It’s a Great Feeling and **You’re Going To Love It...**

I Remember When I Walked In To That Interview Art Told Me That He Was Pre-screening Other Candidates But He Already Knew He Wanted To Hire Me...

That Was The First Thing He Said To Me And That’s INDISPUTABLE PROOF That I Was Able To “Pre-Sell” Myself To Such An Extent That The Job Was Mine To Lose From The Beginning...

That’s What I Mean By The Term “Pre-Selling” ...and **You’ll Be In The Same Powerful Position With Employers** As Soon As You Start Using The Strategies And Tactics I’ll Share With You.

Most So Called “Experts” Will Tell You The Only Purpose Of The Cover Letter And Resume Is To Get An Interview So That You Can Meet The Employer In Person And Sell Yourself. I Say That’s Old-fashioned Thinking. You Can Do A Lot Better Than Just Getting An Interview. You Can “Pre-Sell” Yourself!

If You Follow The Strategies And Tactics I Reveal You Can **INSTANTLY Catapult Yourself To “Lead Dog” Status** And Put Yourself In A Position Where The Employer Is Pre-Disposed To Hiring You And They’re Selling You On The Opportunity Instead Of The Other Way Around...

I’ve Completely Turned The Tables On Employers And I’ve Just Given You A Real-life Example To Prove It...

All You Have To Do Is Learn How To Make Yourself Stand Out From The Crowd. It's Simple When You Use The Strategies And Tactics I'll Share With You When You **Keep Reading This Special Report...**

It Has a Lot Less To Do With Education Or Experience than We've Been Led to Believe and a Lot MORE To Do With Marketing.

And When You're In The Job Hunting Jungle, The First Thing You Must Realize Is That You're Marketing Yourself...

If You Think Your Academic Credentials Or Experience Are Enough To Land A Job, The Joke's On You. Guys Like Me Will Eat Your Lunch And Cash Your Paycheck...

Let's Face It. The Harsh Reality Is The Best-Qualified Applicant Doesn't Always Get The Job. The One Who Deposits The Paycheck Is The One Who Sells Himself Or Herself Best...

I've Shared Some Great Attention-Grabbing Strategies With You And Even Shown You Real Life Results, Yet...

We Have Barely Scratched The Surface...

I Have Dozens (maybe Even Hundreds) Of Other Strategies To Share With You...

First Of All, We've Only Covered A Few Basic Strategies To Cut Through The Clutter With Direct Mail...There Are Several More ADVANCED Strategies That Can Produce Better Results Even Faster ...Second...

We Haven't Even Talked About Other Effective Ways To Deliver Your Message... You'll Love The Creative Strategies For Cutting Through The Clutter With Faxes and Emails...And Finally...

We Haven't Covered The Message You Put Inside The Envelope... Getting The Letter Opened Is Just The First Step...It's A Very Important Step To Be Sure...

Yet **The Words On Paper Inside The Letter...WHAT You Say And HOW You Say It Are Even More Important**...After All...

What Good Is It To Stand Out And Get Your Letter Opened If The Message Inside Doesn't Keep the Momentum Going and Excite The Hiring Manager Enough To Contact You For An Interview?

This Is Not Rocket Science Or Nuclear Physics. It's Simple Psychology And When You Apply These Simple Strategies To A Job Search It's Actually FUN And EXCITING...

And Don't Worry...If You Don't Have A Creative Bone In Your Body, I Have a **Surprise To Share With You** When You **Read This Special Report To The End...**

Remember, The **"Cracker Jack" Factor** I Mentioned A Few Minutes Ago? I Wanted To Wait Until Now To Explain It Because Now That You've Seen Several Examples Of These POWERFUL Strategies I Think You'll Understand It Better ...

Here's The Deal:...

What We're Doing Is The Same Thing That Got You To Open The Box Of "Cracker Jack" When You Were A Kid. If You Don't Remember "Cracker Jack" It Was A Mixture Of Carmel Corn And Peanuts In A Box...Each Box Also Had A Prize Hidden Inside...

And That's Probably The Main Reason Kids Were So Excited To Open The Box...Because They Had To See What Was Inside...What Was The Prize? The "Curiosity Factor"...

Here's The Secret...

If You Can Arouse This Natural Curiosity – And That's Exactly What These Strategies Are Designed To Do – Then You Dramatically Increase Your Chances Of Getting Your Message Opened And Read...

That Was A Lot To Cover And You May Be Feeling A Bit Overwhelmed Or Confused...Or You May Be Tingling With Excitement Because You Can See How Radically Different And Effective These Strategies Are...Either Way, It's OK...

Basically That Means...

Remember the "teaser copy" strategy I shared earlier? Well, the blue circle with the text "Toy Surprise Inside" is "teaser copy"...it teases what's inside and gets you to open the box. It's a brilliant strategy and we're using that proven strategy to get your letter opened!
